

Tips for Region 5 Representatives:

- 1) Meeting room temperatures can vary significantly. Dressing in layers may help provide for your comfort.
- 2) It is helpful to provide the hotel with the names of all who are sharing a room, so all roommates can access the room independently.
- 3) A copy of the credentials report is sent out in the 2nd assembly packet (the “B” packet). The number of meetings registered for each intergroup (IG) determines the number of votes that IG is eligible to have during our business meeting. *If the number of meetings listed for your IG is incorrect, contact the Region 5 trustee (region5trustee@gmail.com) ASAP to get it corrected.*
- 4) At assembly, the credentials report will be taken early in the morning and afternoon sessions. This is how we determine who will be able to vote during our business sessions. A copy of the report is available for you to fill in along with the vice chair.
- 5) You will notice that there are blanks on the agenda. Those are there for you to complete for your reference later.
- 6) Motions are numbered in the order they are received, not the order they are addressed.
- 7) The OA Promise is not a prayer, but a pledge to each other. It can be particularly meaningful to look into each other’s eyes while reciting it.
- 8) There was a time when our region was labeled Region V. That has changed. We are now known as Region 5. If you see Region V anywhere in current documents or correspondence, please ask that it be changed to Region 5.

Please send your tips for representatives (or questions you have) to the Region 5 secretary . Thank you for sharing your experience, strength, and hope.
