Background noises are very distracting. To avoid interruptions, we ask that you keep yourself muted during the various Region 5 2020 Fall Assembly sessions except when you actually need to speak. You can mute and unmute yourself by clicking or tapping the microphone at the bottom of your screen. For those of you who dialed in you can mute and unmute yourself using \*6.

Please raise your to request to speak during the sessions. The Region 5 Chair will call on you to speak when it is appropriate. You can raise your hand using the reactions button on the bottom of the screen. You can also find the raise hand button at the bottom of the participant window. If you dialed in, then you can raise your hand by using \*9. When you are called upon to speak, please unmute yourself to do so. The meeting host will lower your hand at that time.

Participants will be split into breakout rooms. When your committee meeting is done you can take a break until the conference resumes in the general session room.
