

### **Intergroup to Intergroup Committee**

A Survey that the subcommittee created to help intergroups has been approved by the committee and has been sent to the Region 5 Board. If the Board approves the survey, Kathy C will create the official survey into a Survey Monkey and will be available for 2 months before the November Assembly. The results will be sent back to the subcommittee to review and report on at the November Assembly.

The Pamphlet that Louisville uses in their intergroup for newcomers will be continued to create a Region 5 document. Barb & Jennifer will continue to work on that to completion.

The committee is also going to contact unaffiliated meetings. These meetings are not affiliated with an intergroup. More information forthcoming about this project.
