

Sponsorship Task Force Report

The Task Force committee has run quite smoothly, and we have a great system in place. Kerry updates the Google doc with the new requests you send to me, I assign to the members and the connection is made. We have an upcoming Zoom meeting and I ask for input on what is working and if/how we can improve the process.

At our next meeting I will prepare a detailed report of how many sponsor/sponsees connections we've made.

Please let me know if you have any additional questions.

Preston
