

Region 5 Media Committee Report

10/3/18

The media committee published the Freedom from Bondage newsletter (shortened and streamlined to focus on the Spring Assembly) in April 2018. Our goal as a committee is to publish four to these smaller newsletters per year. The committee completed our website review and decided to update the design of the Region 5 website. We have reviewed new design templates and also held a graphics contest over the summer. We plan to present the contest graphics and our final website suggestion at the Fall Assembly. We have also been testing video conferencing tools for possible use during the at Region 5 Assemblies and will present our suggested tool at the Fall Assembly.

Keri E., Media Committee Chair (Acting)
